7. Co pay for the visit is to be paid ahead of the visit. Usually the staff will collect it, 1 business day ahead of the actual visit, to facilitate a timely completion of the visit as scheduled. Though the staff collect a certain amount of copay (it depends on your insurance plan) based on routine visit (i.e. CPT code 99213), after the visit the amount of co pay may be different, if the provider has rendered the services at higher CPT codes (i.e. 99214 or 99215) and for certain insurances the copay is a percentage of the fee charged for the visit than a fixed amount regardless of the type of visit.

**NOTE:** Some exceptions and changes to the fee depending on the amount of paperwork and the need.
